Subject: Down Under Enterprises Partnership Announcement

As a note to begin with, we hope you, your teams and their families are well. At NZMG, all our staff are safe and well as of this Newsletter. We have put in place preventive measures across the team and we will of course continue with updates during this difficult time. Our thoughts and wishes go out to those persons and their families affected by this outbreak.

We have some very exciting news to share with you in this newsletter. We have now formally announced our new partnership with Down Under Enterprises (DUE) as a preferred supplier in North America for our New Zealand sourced, 100% pure and natural Mānuka Essential Oil.

For many months, we have been working with the team at Down Under Enterprises to establish how to bring the benefits of this special relationship to you, including coordinated quality management, scientific and technical support, and local US warehousing, to name a few.

As world leaders in the development, production and supply of New Zealand Mānuka essential oil we are excited to be launching the incredible benefits of our special New Zealand native Mānuka super plant worldwide. DUE will now be supplying our Mānuka oil throughout North America and have a US distribution centre to enable Mānuka oil to be readily available within your market.

For any Sales Enquiries please now contact Down Under Enterprises direct on sales@downunderenterprises.com or by phone 866 473 6560.

“ We are excited to partner with New Zealand Manuka, for the distribution of their pure Manuka Oil. New Zealand Manuka’s cooperation with traditional Maori landowners to increase oil production and a commitment to producing sustainable Manuka Oil aligns very well with Down Under’s Mission. **”**

For any media enquiries please contact Phil Prather, Head of Marketing & Operations at Down Under Enterprises.
